PROAVIA member use case

GAIN A CONSOLIDATED, REAL-TIME VIEW OF SAFETY, RISKS AND COMPLIANCE ?

France·LYS – 2026

01 THE CHALLENGE

Fragmented SMS and compliance management across multiple tools
Lack of a consolidated view of events, risks, regulations, audits and actions
Time-consuming audit preparation

02 THE SOLUTION

Integrated SMS core management (safety reports & risks)
Compliance & audit monitoring, including regulatory access
Operational, action-driven tool

03 THE RESULT

30 to 50% time savings on safety event management
Real-time, consolidated SMS & compliance view
Fewer audit findings and stronger Authority confidence
