

📍 France-EAP - 2026

### 01 THE CHALLENGE

Integrate a CB C3 within a 14-meter-long checkpoint while improving passenger experience and maintaining maximum system performance.

### 02 THE SOLUTION

X-Lane by TG Concept: a compact and optimized checkpoint  
Reduced checkpoint processing time  
No need to remove liquids or laptops (CB C3 technology)  
Faster, smoother and more intuitive passenger flow

### 03 THE RESULT

CAPEX & OPEX rationalization  
No building/Infrastructure modification required  
A modern, scalable and future-ready checkpoint
