

A network of reliable specialized companies
for innovative airport infrastructures

Who is Proavia ?

Since 1976, PROAVIA has brought together over 55 French airport and ATM specialised companies to promote their expertise and develop international opportunities.

PROAVIA is a network of reliable specialized companies for innovative airport and ATM infrastructures.

A PRIVILEGED PARTNERSHIP

Since 1976, the partnership between the French Civil Aviation Authority and PROAVIA has highlighted both national and industrial French expertise, positioning France as a key international player in the airport and ATM sector.

OBJECTIVES

- Promote strategic exchanges worldwide in the airport and ATM sectors
- Organize airport and industrial site visits in France
- Organize joint international missions (French Airport & ATM Days)
