

## Use case

**How to** orchestrate seamless airport operations for thousands of athletes, massive baggage volumes, and tight schedules — all during the busiest travel season of the year?

### PARIS – OLYMPIC GAMES - 2024

#### AIRPORT CHALLENGE

Along with the airport stakeholders, manage the usual passenger flow as well as the Olympics athletes, visitors and delegations and their non-standard baggage items

#### SOLUTION

- Remote and dedicated check-in services at the Olympic and Paralympic Village
- Check in with the day before their flight
- Baggage transported & securely stored at the airports
- Anticipation, flexibility, rigorous planning and tight operational coordination

#### RESULT

- Preventing congestion in the check-in areas
- Smooth and stress-free journey
