

AIRPORT CHALLENGE

- Fragmented SMS and compliance management across multiple tools
- Lack of a consolidated view of events, risks, regulations, audits and actions
- Time-consuming audit preparation

SOLUTION

- Integrated SMS core management (safety reports & risks)
- Compliance & audit monitoring, including regulatory access
- Operational, action-driven tool

RESULT

- 30 to 50% time savings on safety event management
- Real-time, consolidated SMS & compliance view
- Fewer audit findings and stronger Authority confidence
